

STATE ENVIRONMENTAL COMMISSIONER PERMISSION TO FUND
MULTI-JURISDICTIONAL ORGANIZATIONS
WITH CLEAN AIR ACT SECTION 105 GRANT FUNDS

By selecting an option below and signing this form, I am indicating I have consulted with the state environmental commissioner or representative regarding our membership and dues preference for the National Association of Clean Air Agencies (NACAA) and pass-through funding to the California Air Pollution Control Officers Association (CAPCOA) to continue work that supports the implementation of air pollution control programs and addressing multi-jurisdictional air environmental issues.

Mark the box to select an option for NACAA:

- ☒ Request NACAA dues be paid by redirecting the **California Air Resources Board** Clean Air Act Section 105 funds to NACAA for Fiscal Year 2018 up to the amount of \$13,753.
- ☐ Request NACAA send a dues bill directly to **California Air Resources Board**. Do not redirect any of **California Air Resources Board** Section 105 funds to NACAA.
- ☐ **California Air Resources Board** declines to be a member of NACAA. Do not redirect any Section 105 funds to NACAA.

Mark the box to select an option for CAPCOA:

- ☒ Continue regional deduction of **California Air Resources Board's** contribution for CAPCOA. Estimated amount is \$129,841.
- ☐ Bill directly. **California Air Resources Board** will send contribution to CAPCOA.
- ☐ Do not bill or deduct for CAPCOA. Send all funding to **California Air Resources Board**.
